2nd November 2025	World War 1 Tour	13:00 at Bottom Gate
14th December 2025	Christmas General Tour	13:00 at Bottom Gate

Our searchable database – here on this website...

<https://www.spitalcemeterychesterfield.org/PrimaryDataCore/ORIGINALindex.html>

currently holds records from 1857 to 1965 = 108 years.

And we will soon be adding records from 1966 to 1999 = 33 years.

Allowing searches for over 26,000 people in our care over this 141 year period.

Unfortunately we also have partial Victorian documentation highlighting many blank spots in the records so we also have more than 50 unknowns – which are presented in a separated section with a view to comparative completion, hopefully at a later date...

So: for the moment, you have what we have.

For those loved ones interred after 1999 any searches must be referred to Bereavement Services Chesterfield – see contact details at bottom of this page.
